

LDO 653X (CIVIL ENGINEER CORPS)

Limited duty officers (Civil Engineer Corps) are officer technical managers in the operational fields of horizontal and vertical construction, facilities maintenance, utilities, and automotive and construction equipment. They plan, coordinate, and direct the technical, operational, training and administrative responsibilities of Naval Construction Force (NCF) units, plan, schedule, and direct the operations of public works departments within the Navy shore establishment. They supervise personnel engaged in horizontal and vertical construction, maintenance and repair (including buildings, airfields, waterfront structures, and utilities systems), and in the operation, testing, maintenance, and repair of automotive and construction equipment.

They may serve as, but are not limited to, officers-in-charge of details, detachments, small NCF units such as Construction Battalion Units. Serve as CO / XO / Ops of Naval Construction Training Centers, staff at Naval Construction Regiments, 1st Naval Construction Division, or in various operational, public works, and staff billets. CEC LDO's possessing an engineering degree may also serve as an Assistant Resident Officer in Charge of Construction (AROICC) in support of the Naval Facilities Engineering Command's construction mission. Individuals possessing Navy dive qualifications may serve as an operations officer in a Navy Underwater Construction Team or in other specific CEC dive billets.
